

DREAMBUILDER
CUSTOM HOMES, LLC

Dreambuilder 11 Features

All of our homes include our **DreamDesign** elements, our exclusive collection of features that maximize square footage, livability and value while incorporating the very latest in design trends, architecture and materials.

Behind-the-Scenes

- 3-course stemwall to raise home off-grade and increase curb appeal
- James Hardie brand housewrap and window sealing tape for moisture protection
- James Hardie brand siding
- Fiberglass exterior doors with rot-resistant jambs and thresholds
- Decorative garage doors; door openers and keyless entry systems

Roofing

- 30# felt underlayment (most builders use 15#)
- Additional sealing at all ridges, valleys, penetrations and along entire eave
- 30-year architectural shingles

Energy-Saving Features

- Low-E windows
- Radiant barrier roof sheathing
- High efficiency HVAC systems
- Energy Star rated appliances
- Low flow plumbing fixtures

Impressive Kitchens
